Boston Youth Farm Project

Title: Our Classroom Farm: Seed To Salad In Four Weeks

My students: [describe your class in two sentences].

My project: A classroom grow lab from Boston Youth Farm Project lets my students plant kale, arugula and radish, care for them every day, measure their growth, and eat what they grew in week four. Each student has a job that matters to the class, and we end with a Harvest Night for families.

Special Request vendor: Boston Youth Farm Project (bostonyfp.org).

Edit the bracketed parts. References: Title IV-A (DESE fund code 0309), MA FRESH (DESE fund code 0710), MA MTSS Blueprint.
